Options Many new parts in the past 5 years: new brake hoses, new Concorde battery, overhauled landing gear with micro switch, new spring, new hoses, new brake discs, both new fuel pumps, new trim cables, new propeller and many more parts changed. More than £40K invested in maintenance and upgrades during the last 5 years. A wonderful aircraft to fly and long tours to Europe. Looking for new equity member leaving

Remarks: Looking for 2 new members. Please email Grant, grantbedford@hotmail.com or Imran, ihdr@aol.com
